

DESTINATION IMAGINATION

We are WILD about DI at St. Monica School! Our student teams are made up of creative problem-solvers. In the past five years, eleven St. Monica teams advanced to the State Tournament to compete with over 10,000 Texas elementary students, and we won the two yearly DaVinci Awards for creativity. In the past four years, four teams advanced all the way to Global Finals!

Destination ImagiNation is the largest worldwide creative problem solving program for teams in preschool through college. The mission of Destination ImagiNation is to foster the development of creative thinking, problem solving skills, and STEAM skills. The emphasis is on the "process," the learning that takes place all year as the teams prepare their Challenge solutions. Those involved with Destination ImagiNation discover that creative solutions come from teamwork, cooperation, and risk-taking. Team Challenge solutions are presented at a D.I. tournament in the spring. For more information, go to www.texasdi.org or www.idodi.org

PARENT MEETING

Learn how your child can become involved with DI
at St. Monica School
Wednesday, September 5th, 6:00 p.m.
Room C19, Mrs. Selly's room
